New membership category this year!

At the 2018 Annual General Meeting, a new category of LLSA membership was discussed and approved. "Associate" membership was suggested in 2017 as a means to increase the involvement and interest of non-property owner youth and other individuals in key issues such as lake health and stewardship going forward. Associate members would be 16 years or older, sponsored by a property owner, able to serve as an official board member with some exceptions, non-voting, but could present a proxy vote on behalf of a regular member. Regular and associate membership is \$55 per year.

Donations

Over the past three years LLSA has incurred increasing expenses related to the protection of our land and water and the need for enhanced and more frequent water testing. In 2017 our "Eyes on the Lake" identified incidents of blue-green algae in Leonard Lake, confirmed in 2018 by Simcoe Health and the Ministry of Environment, Conservation and Parks. We ask and encourage you to consider adding a donation to your membership fee to support the work of LLSA and the health of Leonard Lake.
